

“Oh, But You Can Begin Again! Getting through what you can’t get over”

This book written by Dr. Gerald Mann explores the concept of "getting through" difficult times in our lives (and we all have them!) - NOT "getting over them". The first study group at SGLCC spent several weeks reading and discussing the unique views taken by this extraordinary pastor. I personally felt each and every chapter spoke to me - I am a widow of 6 years and never went through grief counseling. My motivation was "take one day at a time" and God WILL be with me and He HAS been. But this book would have meant even more to me 6 years ago!
